Fake companies operating in stock markets

1163. SHRI B.S. GNANADESIKAN: Will the Minister of FINANCE be pleased to state:

(a) whether Government is aware that a large number of fake companies had entered into the share market and engaging in wrong dealing;

(b) if so, whether Government has taken any steps to prevent entry of such fake companies; and

(c) if so, the details thereof?

THE MINISTER OF STATE IN THE MINISTRY OF FINANCE (SHRI PAWAN KUMAR BANSAL): (a) As and when any such instance is noticed, Ministry of Corporate Affairs and SEBI take appropriate action under the Companies Act and the securities laws. However, the question presumably refers to the companies which raised funds from public through IPOs and subsequently failed, *inter-alia*, to comply with the listing/filing requirements of Registrar of Companies and the Stock Exchanges for a period of two years and were not found at their registered office address at the time of inspection done by Stock Exchange. These companies are known as "vanishing companies" as per the categorization adopted by Coordination and Monitoring Committee (CMC), a joint mechanism between the SEBI and the Ministry of Corporate Affairs (MCA). These companies are being identified in phases. So far such companies who made IPOs during 1992—2001 have been identified. As on date, there are 122 companies identified as "vanishing companies."

(b) and (c) In addition to actions taken by MCA, SEBI has issued orders against 102 vanishing companies and 391 directors/promoters prohibiting them from associating in any way with the capital market activities and accessing the capital market for a period of five years. Merchant banker managing the issue is required to check the antecedents of the promoters/directors of the company and have to confirm that none of them has been debarred by SEBI. Besides, SEBI has strengthened the eligibility requirements for accessing capital market.
